

A CBICC/Community Partner Initiative

Help power the **local workforce**

CentreREADY is a durable initiative designed to meet the current and future hiring needs of local and area employers. Buy-in from the business community is essential to sustained success of this community response to Centre County workforce needs.

Business support matters to the **long-term success** of **CentreREADY**

A financial contribution to *CentreREADY* helps cover the cost of posters for classrooms; brochures for students and parents; graduation chords and other methods of recognizing *CentreREADY* designees, among other necessary assets and materials.

More importantly, your contribution will help create a strong local workforce that will benefit business now and into the future!
